- Web Application Designer
- Defining extraction
- Defining transformations
- Defining the data flow
- Scheduling and monitoring
- Data Modeling
- Performance optimization
- User management
- Metadata and Document Management

- Transports
- BEx Query
- OLAP

## 4. Advance Concept

- SAP Table
- Basic Programming
- function module
- SD flow
- MM flow
- Fico flow
- PP flow

## 5. Project

- Project Document
- Project Design
- Business Blue Print
- Technical Document
- Functional Document
- Realization
- Testing
- Implementation Phases
- Support
- Deployment

## 6. Certification

- Applying for certification
- Preparation for certification
- Certificate guidance

## 7. Aptitude Test Preparation

- Abstract reasoning
- Verbal reasoning test
- Numerical Reasoning Test
- Spatial reasoning
- Mechanical reasoning

# Diploma in SAP BI

---

## 8. C.V. and Interview

- CV preparation
- Mock Interviews

## 9. Live Scenario
