SAP PP

SAP Overview

- ➤ Unit Introduction to SAP
  Unit Basis
- ➤ Unit SAP
- ➤ Unit Co-operative Business Scenarios
- ➤ Unit mySAP.com
- ➤ Unit Navigation
- ➤ Unit System-wide Concepts
- ➤ Unit Enterprise Structure

Manufacturing Planning and Execution for Discrete & Repetitive

- ➤ Unit Introduction
- ➤ Unit Master Data
- ➤ Unit Planning and Execution with Final Assembly
- ➤ Unit Make-to-Stock Production
- ➤ Unit Make-to-Order Production
- ➤ Unit Repetitive Manufacturing/ KANBAN
- ➤ Unit Special Topics

Classification

- ➤ Unit Introduction
- ➤ Unit Basic Functionality
  Unit More Functionality
  Unit Object Dependencies

Variant Configuration

- ➤ Unit Introduction to Variant Configuration
- ➤ Unit Material Masters, Bill of Material and Routings
- ➤ Unit Integration
- ➤ Content: Variant Configuration

Basic Data

- ➤ Unit Material Master Records
- ➤ Unit Configuring Material Master Records
- ➤ Unit BOM Management
- ➤ Unit BOM Reporting Functions
- ➤ Unit Variants and Alternatives

SAP PP

- Unit PP Organization Structures and Basic Data Overview
- Unit Routing Part 1
- Unit Work Center
- Unit Routing Part 2
- Unit Work Scheduling in Detail
- Unit Scheduling
- Unit Engineering Workbench
- Unit Summary

Production Planning

- Unit Overview
- Unit Demand Management
- Unit MRP Run
- Unit Processing MRP Results
- Unit Master Production Scheduling
- Unit Long-term Planning
- Unit Technical Information on How the Planning Run Works
- Unit MRP Areas

Product Cost Planning

- Unit Introduction
- Unit Reference and Simulation Costing
- Unit Material Costing without Quantity Structure
- Unit Material Costing with Quantity Structure

Repetitive Manufacturing

- Unit Overview of Production Types
- Unit Master Data
- Unit Planning
- Unit Material Staging Unit back flushing Unit Evaluations
- Content: Repetitive Manufacturing

Production Orders

- Unit Overview
- Unit Order Structure and Processing
- Unit Order Creation/ Order Change
- Unit Order Release

SAP PP

- Unit Printing Order Documents
- Unit Material Staging Unit Order Control Unit Confirmations Unit Goods Receipt
- Unit Cost Object Controlling/ Order Archiving and Deletion
- Unit Information Systems
- Unit Mass Processing and Automation

Logistics Information System

- Unit Data Warehouse Concepts Unit Standard Analyses in LIS Unit Early Warning System Unit Flexible Analyses in LIS Unit LIS Environment
- Content: Logistics Information System
